

EVIDENCE-BASED CAPACITY-BUILDING

For Health Care Organizations & Related Groups/Associations

All live training can be offered either on-site, over the web, or a blend of the two. All modes offer a combination of presentation, discussion and active applied learning activities. We also offer:

- Both core (foundations) and advanced training. We recommend and offer booster sessions.
- Tailoring is available for all learning experiences. It is automatically included at no extra charge when training is preceded by our Climate & Culture Assessment.
- E-learning (asynchronous) optionally accompanied by facilitator guide and train-the-trainer.
